

# SPARTECH → SOUTH

## **BSC Filters**

Coaxial and waveguide filters and multiplexers

[www.bscfilters.com](http://www.bscfilters.com)

## **Criteria Labs**

Space qualification up-screening services, RF design, assembly and test. Tape and reel packaging

[www.criterialabs.com](http://www.criterialabs.com)

## **Dow Key Microwave**

Electromechanical microwave switches; RF switching systems

[www.dowkey.com](http://www.dowkey.com)

## **K&L Microwave**

RF/microwave filters and diplexers

[www.klmicrowave.com](http://www.klmicrowave.com)

## **PoleZero**

Digitally tuned hopping filters

[www.polezero.com](http://www.polezero.com)

[www.Ironwavetech.com](http://www.Ironwavetech.com)

## **American Microwave**

Solid state control devices DC-40Ghz—switches, attenuators

## **Mu-Del Electronics**

Transceivers, transmitters, receivers, up/down converters and multi-couplers

## **Luff Research**

Frequency synthesizers and phase locked oscillators

## **Aethercomm**

High power amplifier modules, sub-systems, and systems

[www.aethercomm.com](http://www.aethercomm.com)

## **Corning Gilbert**

Blindmate coax connectors - GPO, GPPO, G3PO, G4PO, GMS, SGMS

[www.corning.com/gilbert](http://www.corning.com/gilbert)

## **Marki Microwave**

High performance mixers, couplers, baluns, power dividers, and hybrids

[www.markimicrowave.com](http://www.markimicrowave.com)

## **Southwest Microwave**

RF/microwave and millimeter coaxial connectors and adapters

[www.southwestmicrowave.com](http://www.southwestmicrowave.com)

## **Teledyne Storm Microwave**

Flexible & semi-rigid coaxial cables

[www.teledynestorm.com](http://www.teledynestorm.com)

## **Greensource Fabrication**

Complex PCB fab for digital, microwave and analog electronics

[www.greensourcefab.com](http://www.greensourcefab.com)

## **X-Microwave**

Modular microwave building blocks engineered to accelerate RF System development from prototype through production.

[www.xmicrowave.com](http://www.xmicrowave.com)

## **M-Wave Design**

Coaxial and waveguide isolators & circulators, terminations, duplexers and custom assemblies.

[www.mwavedesign.com](http://www.mwavedesign.com)

## **Piconics**

Broadband RF & microwave inductors; conical, air coil, fixed, tunable & spiral

[www.Piconics.com](http://www.Piconics.com)
